# Modern Surgical Table

Axia's **UroMax 3** C-arm surgical tables offer an excellent solution for real-time urological X-ray procedures. The cantilevered, carbon fiber, radiolucent top areas allow full fluoroscopic visualization and unobstructed C-arm positioning.

The UroMax 3 has highly versatile movements, options, and accessories. The carbon fiber leg extension accessory can quickly turn your Urology table into a procedure table for pain management and other C-arm guided procedures.
