

Integration Headlight

- High Power LED - 5W high Power LED emit up to 80,000lx illuminance
- Optic Technology - Precision optical system consisting of 4 multi-coated Lenses
- Integration Design - 100% Freedom of movement with cable free intergrated battery
- Powerful Battery - Each Battery autonomy for up to 4 hours of continuous working
- Adjustable Brightness
- Fine surface design and manufacture
- Double batteries

Axia Entonofos Technical Specifications

Dimensions

Width	169 ~ 190mm
Depth	70 ~ 130mm
Weight	480g

Optics

Work Distance	420mm
Spot Size	10 ~ 100mm
Number of Lens	4
Flip-Up Angle	90°

Light

Type	LED
Power	3W
Illumination	>30,000lux
Color Temperature	5,500k
Color Rendering	85
Bulb Life	50,000h

Power

Power	LED 5W
Voltage	AC 90-240 V
AC Supply	Yes
Battery Charge Time	5 h
